

## SEADA CONFERENCE

### SC13FM Motorised & Retractable Monitor

Simplifying  
Conference Rooms

This SC13FM motorised retractable monitor is one of the latest innovations from SEADA CONFERENCE.

SC13FM offers compact & Ergonomic design which giving adjustable screen viewing angle and large leg room for different users.

This system can be used as a standalone unit in class rooms, offices, receptions etc. In addition, it can operate as a multi units' system with the SEADA paperless conference platform. SEADA conference platform has multiple screens across the table which allows all the participants to have a clear view of the information.

When it is not in use, the monitor can be retracted into the housing beneath the desk. This makes the desk surface tidy as well as putting the monitor in a safe and secure location.

- Ergonomic design
