# Portable Meeting Room System

## RETRACTABLE MONITOR

With its motorised retractable design, the monitor gives users flexible screen which can have the view angle set between 0 to 60 degrees. It also frees users from using a mouse and keyboard by offering touch screen

## BUILT IN MIC & SPEAKER

Built in MIC & speaker offers the users to have a better communication during the meeting

## BUILT IN PC

A built in PC with Microsoft 10 Pro OS gives users enough flexibility to display content onto screens

## ID SCREEN

An 8.8'' TFT screen is built in to display Attendee ID or any other identity information
### Overview

The SC13W Portable Meeting Room System is the latest meeting room solution from SEADA Conference. This All in One system features a 13.3'' motorised monitor, PC, speaker, microphone, stylish clock and an 8.8'' ID TFT built in panel. It can be a perfect solution for schools, receptions and small to large meeting room applications.

The standalone SC13W unit also has the ability to form a large paperless conference room system with more SC13W units or other SEADA conference products. This can be achieved by using the SEADA multimedia conference server.
