

Webinar Training

Webinar Training

Welcome to SEADA training webinar, during these webinars we will give you an insight into the product, an overview of the products key features, as well as various examples related to the product, followed by training material and a live demonstration, we hope that by the end of these training webinars you'll be confident in your ability and understanding of the unit.

[SWNet- 5/08/2022 10:30AM - Click to Join](#)

The SolarWall Net (SWNet) IoT Management System is an innovative management platform for configuring and operating multiple video walls, KVM matrix, RTSP IP streaming, encoders/decoders, and controlling 3rd party devices. SWNet simplifies the deployment of complex AV-over-IP projects, without the need for any pricy server to run it on.
