

SD-WP01B & SD-WP02B

Modular Wall Plates

Overview

SD-WP01B & SD-WP02B are the modular UK 1-gang wall plates allowing flexible combinations of modules from the series. They are designed for both wall-mounted and light electrical box installations and are also widely used in renovation projects where plastic panels are replaced directly. Each module can operate independently or as part of a combined setup, offering versatile configuration options tailored for on-site applications that require broad functionality and adaptability.

SD-WP01B & SD-WP02B can be widely used in video conferencing, education, receptions and so on.

Specifications

| | |
