Overview

The SC-FZWG is the Motorised & Manually Foldable Monitor with Shure Microphone designed by SEADA to offer solutions for the Conference room, Office, Hotel, School, Control centre, Institutions, Auditorium and Reception with its elegant, stylish, and multi-functional design. The unit can be folded completely flat to the surface of the desk automatically or manually with screen facing up or any degree between 100 to 180 to offer the best screen view angle to users.

The SC-FZWG coming with powder coated and anodised finish provides a soft, silky effect and comes in black or silver finish for customers to choose from.
